(1) Since the offices belong to the Medical Deptt Necessary instructions to be the Comptr has to issue in the Medical Section. In this connection it is submitted that in the I.M.S. Service has since been classified as Service within India only and Service within India and abroad as well. The question whether the concessions in the G.O referred to need be given to the officers who are appointed for service within India only was referred to the S.M.Rr. It is not known as to the final orders passed in the matter. In the case of officers who are appointed for the Service within India, it seems sufficient if their lien is retained and in the case of others, perhaps all the concessions may be given. C. 931-22 d 21st Oct. 43 forg a copy of letter from the Govt I.M.S furnishing information in regd to Medical officers who have volunteered for war service

The Govt. I.M.S has given a statement of officers of Govt who have joined the I.M.S and the category of service is also indicated.

A As in the case of Dr. Nagendra, perhaps all the concessions have to be shown in the case of those who have applied for General Service. In the case of those whose service is within Indian limits only, perhaps the relaxation of time is sufficient. Submitted for perusal and orders.

The proposal at A(1) may be approved. The position has however to be re-examined if it has to be settled if the concessions as in the Order of 1941 are really necessary & warranted

In my opinion I agree.

below.

With reference to your letter No.W.210 dated the 6th August 1943 on the above subject, I have the honour to state that the claim of Mr. R. Nagendran, Surgeon, for the payment of furlough allowances has been admitted by the Comptroller, presumably on the strength of Government Order No.W.2363-4/W.57-40-77 dated 8th April 1942 permitting him to volunteer for War Service. In the case of other officers mentioned in my letter No.C.931-27 dated the 23rd July 1943 there has been no specific orders of Government permitting them to volunteer for War Service. But all of them have volunteered and accepted Military service and are eligible for the concessions sanctioned in Government Order No.W.1313-85/W. 138-40-2 dated 29th December 1941. I recommend that the concessions allowed by Government, may be permitted in the case of the following officers who have been recruited to the Emergency Commission in the Indian Medical Service or Indian Army Medical Corps.
